DATE: JUNE 22, 2005

TO: CITY MANAGER/CITY COUNCIL

FROM BRAD FOWLER, DIRECTOR OF PUBLIC WORKS AND ENGINEERING SERVICES

SUBJECT: AWARD OF CONTRACT TO ALL AMERICAN ASPHALT FOR STONEHILL DRIVE ASPHALT STREET REPAIRS BETWEEN GOLDEN LANTERN AND NIGUEL ROAD

RECOMMENDED ACTION:

That the City Council (1) award a contract to All American Asphalt in the not-to-exceed amount of \$507,507.00 for the construction of the Arterial Roadway Resurfacing Project on Stonehill Drive between Golden Lantern and Niguel Road, provided that the City Manager or his designee may approve additional payment not to exceed fifteen percent of this amount for change orders and contingencies; and (2) authorize the expenditures for various construction support, administration and management expenditures as outlined in the Fiscal Impact Section of this report.

ISSUES:

The plans and specifications for the Arterial Roadway Resurfacing Project – Stonehill Drive were completed and the City Council authorized advertisement of construction bids on February 9, 2005. Bids have been received and staff recommends award of a contract as noted in the Recommended Action. The question before the City Council is whether to approve award of the Stonehill Drive street repair work to All American Asphalt at the competitively priced bid.

BACKGROUND:

On November 24, 1999, the Orange County Transportation Authority (OCTA) notified all Orange County cities of a call for projects under the Arterial Highway Rehabilitation Program (AHRP). The AHRP was developed in response to the need for all Orange County cities to address rehabilitation of their arterial street systems. On June 26, 2000, the OCTA Board of Directors approved over \$1,000,000 in AHRP funding for the City of Dana Point over the next few years for rehabilitating several arterial street segments, part of which is funding this repair project. The AHRP is a federally funded program which requires that

Caltrans' processes and procedures be followed. There is extensive documentation needed for Caltrans' review and approval.

The engineering firm of Psomas was retained to complete all of the currently scheduled project designs for rehabilitation of arterial roadways under the AHRP. One of the streets that was included as part of the design effort is Stonehill Drive between Golden Lantern and Niguel Road.

The project design was completed and the project was advertised for construction bids.

DISCUSSION:

Bids were received for the project and were opened by the City Clerk on June 7, 2005. Five (5) bids were received as follows:

| | | |
|----------------------|----|------------|
| All American Asphalt | \$ | 507,507.00 |
| Orion Contracting | \$ | 676,217.50 |
| Hardy and Harper | \$ | 687,467.08 |
| RJ Noble Company | \$ | 736,327.98 |
| Excel Paving | \$ | 781,378.38 |

A detailed listing of the bid results is available in the Public Works Department.

Based on the bid results and the evaluation thereof, City staff has determined that the lowest responsive bid was received from All American Asphalt. Staff has contacted other agencies that have used All American Asphalt and found that they have completed similar construction projects satisfactorily. Furthermore, All American Asphalt has completed several projects for the City of Dana Point in the last three years and has done so satisfactorily. Therefore, staff recommends that the Council award a contract to All American Asphalt in the not-to-exceed amount of \$507,507, provided that the City Manager or his designee may approve additional payment not to exceed fifteen percent of this amount for change orders and contingencies.

In addition, staff recommends that the Council authorize the various complementary project expenditures as noted in the Fiscal Impact Section.

The project is expected to take about three months to complete. The Contractor will need to complete the work in stages to limit the impact to the public. The Contractor will complete all of the hardscape improvements before paving Stonehill Drive. Furthermore, the paving work will be done in stages to lessen the public impact. Traffic Control Plans have been included with the project that includes project signage citywide to notify our residents of the work.

STRATEGIC PLAN IMPLEMENTATION:

Under the Strategic Planning Initiative to maintain, modernize and beautify the City's infrastructure and neighborhoods, this project implements the tactical element of upgrading and maintaining roads and bridges.

FISCAL IMPACT:

The costs of design and management for this project, up to this point, were covered under a previous phase of the Arterial Roadway Resurfacing Project.

Arterial Roadway Resurfacing Project – Stonehill Drive

The City Council has approved the following budget for the project in Fiscal Year 2003/2004 for the Arterial Roadway Resurfacing Project – Stonehill Drive:

| | |
|-------------------|----------------------|
| General Fund: | \$ 750,000.00 |
| AHRP Funding: | <u>\$ 145,860.00</u> |
| Total Budget: | \$ 895,860.00 |

Based on the lowest responsive bidder, the following additional costs are anticipated:

| | |
|---|--------------------------|
| Construction | \$ 507,507.00 |
| Construction Management | \$ 74,401.00 |
| Materials Testing/Soils | \$ 14,000.00 |
| Construction Support Services | \$ 8,500.00 |
| AHRP Paperwork (Federal) | \$ 14,406.00 |
| Contingency, 15% | <u>\$ 76,050.00</u> |
| Total Additional Project Costs | \$ 694,864.00 |

There is sufficient funding to fund the construction of this project including all required costs as noted herein.
